PE and Pool

2021-2022

A PE course and a Pool course have been placed in all incoming freshmen's course requests.

There are two additional options to achieve PE and/or Pool credit outside of taking a course in the 2021-2022 school year.

Option 1- PE Credit** This is NEW

If your student plans to participate in any of the following - they may earn their PE credit from that participation. The student's Middle School Counselor will need to be notified to replace the current PE Gym request with an Alternative PE request. There are two courses, one for the first semester that will grant credit for Fall Sports and band, and one for the second semester that will cover Winter and Spring sports. If you opt to take the Alternative PE your freshman year and do not complete it, you will have your sophomore year to complete it. If by the end of your Sophomore year you have not completed the PE credit, you will be placed in a PE course for your junior year.
