

### Naturalization Exam Results

Pursuant to Indiana Code (IC) 20-30-5-7(d), each student attending a public school corporation enrolled in a U.S. government course is required to take the naturalization examination provided by the United States Citizenship and Immigration Services (USCIS), administered during the student's high school U.S. government course. Students are not required to pass the naturalization examination in order to pass the U.S. government course. Retests are not required or published in the results.
